

2009 - 2010
TOPIC INFORMATION

TOPICS are mixed-age (grades 1 -4 and sometimes grade 5) activity-based enrichment classes taught by staff, K-8 parents, friends of staff or parents, Alumni, community members and...

The teachers of each TOPIC share their expertise and passions. TOPICS are designed to provide opportunities for students to make choices about their learning and to gain depth, or new exposure to learning within and beyond the traditional curriculum.

Sign up to teach one or more TOPIC sessions by
yourself or with one or more people

You can access TOPIC resources at:

<http://topsk8.org/academics/topics.shtml>

Please check all TOPICS dates that you are able to teach. For each TOPIC fill out the paper titled: Information about my TOPIC! Let me know if you need more of these information papers.

As much as possible sign up to teach students from each grade. Let me know if your child plans to be in your TOPIC Session.

Return the green sheets if you plan to teach, as soon as possible. They can be given to your child's classroom teacher or they can be placed in my box in the TOPS office.

Hard copies of these forms can be found outside the TOPS main office.

Tracy Seefeld
